Subject: Combining the 303(d) lists for 2004 and 2006 in one Integrated Report

Dear Mr. McIntyre:

You recently inquired whether it would be appropriate to combine the 2004 and 2006 Clean Water Act Section 303(d) lists of impaired waters in one Integrated Report. We believe that in cases where the 2004 303(d) list has not yet been submitted to EPA, it makes sense to combine the 2004 list with the 2006 list and submit both to EPA by the April 2006 deadline.

We recommend that if you choose to go this route that you be clear in your call for data and public notice communications that the lists are being combined. Should you have any questions or concerns, please feel free to call me at (206) 553-1906 or Lisa Jacobsen of my staff, (206) 553-6917.

Sincerely,

/s/
